DIPLOMAT TO BE SENT INTO MEXICO SOON

Henry P. Fletcher to Leave for His New Post This Week.

WILL CARRY INSTRUCTIONS

Protests Will Be Made About Discrimination Against Foreigners.

By Associated Press.

Washington, Jan. 30.—Full diplomatic relations with Mexico are to be resumed immediately in an effort by the United States to solve, through formal channels, the troublesome questions pending with the de facto government and for its moral effect in aiding Carranza to restore order and set up constitutional government. It was announced after today's cabinet meeting that Henry P. Fletcher, confirmed as ambassador to Mexico months ago, would leave for his post in a few days, accompanied by his staff.

There has been no ambassador at Mexico City since Henry Lane Wilson was recalled after the killing of Madero and Huerta's assumption of power and formal diplomatic intercourse has not existed since Hileria handed Charge Nelson O'Shaughnessy his passports April 23, 1914, upon the landing of American marines at Vera Cruz.

Ambassador Fletcher will carry with him complete instructions on questions now pending which President Wilson and Secretary Lansing desire taken up with the Carranza government. These include strong protests already made against provisions of the proposed new Mexican constitution discriminating against foreigners and their interests.

CATTLE IN FREE DISTRICTS HIGHER

Dallas, Jan. 30.—Cattle in a free district are bringing 10c and 11c a pound while cattle in tick-infested areas bring only 8c and 9c and can only be shipped for immediate slaughter. Dr. J. B. Reidy, government inspector at Houston, told the tick eradication conference here today.

Dr. Reidy said that officials campaigning against the tick depend more upon the newspapers than any other medium to educate the people to the great danger and loss from ticks.

By Associated Press. Austin, Jan. 30.—A complaint charging embezzlement and misapplication of funds of the First National bank of Sweetwater, Texas, was filed with United States Commissioner W. D. Glavin here today against J. W. V. Holmes, former president of the bank. The complaint was filed by F. M. Spencer, a special agent of the department of justice, district of Dallas. Holmes has been out of Sweetwater since January 17, it is said. The bank's shortage is estimated to be about \$19,000.

Bill for Normal at El Paso Introduced

By Associated Press. Austin, Jan. 30.—Senator Hudspeth today introduced a bill in the senate providing for the establishment of a state normal in El Paso county to be known as the "Jim Hogg" state normal. The bill carries an appropriation of \$200,000 and provides for the appointment of a committee of three by the governor to make the selection of a site, the people of the city and county of El Paso donating for that purpose twenty acres of ground.

A resolution by Senator Smith was adopted that the reception room of the senate be not used in the future for committee meetings. A petition was sent up by Senator Johnston of Harris county protesting against the purpose of the optometry bill.

Today's Weather

VOLUNTARY FORECAST.

By Isidor Block, D. O. S., F. R., Met. S., Optician and Meteorologist.

WHY IS IT THAT THE OLDER YOU GET THE MORE YOU WANT TO DO? Today unsettled—with a probability of rain, followed by colder weather, night or tomorrow.

A low pressure of much intensity passed north last night, being followed by a high with extreme low temperatures. The low has a tendency to cause unsettled weather.

Local Readings.

Maximum temperature 32° at 3 p. m.; minimum, 43° at 10 a. m.; barometer 29.80; humidity 70; wind passage 132 miles; fastest 20 miles an hour at 4:30 p. m.

Government Forecast.

New Orleans, Jan. 30.—Forecast of the weather by the U. S. bureau: East Texas: Wednesday, unsettled; cold; cold wave in the interior; temperature will fall 30 to 40 degrees; Thursday, snow in north, rain in south portion; cold.

West Texas: Wednesday, rain in south; snow in north portion; cold; cold wave, temperature will fall 30 to 40 degrees.

STILL DEPORTING MANY BELGIANS

PERCENTAGE HAS DECREASED SLIGHTLY BUT MANY GO OUT.

By Associated Press. The Hague, Jan. 30.—The deportations of Belgian workmen continue, but at a slightly lower rate, according to information from an unquestionable source. It is said that the deportations from Brussels now are being made at the rate of 350 men daily. Many of these men, it is alleged, are not idlers but skilled workmen, who have been engaged for at least a part of their time in their trade.

In some provinces the Belgians, it is said, are adopting methods of passive resistance in efforts to escape deportation. This resistance takes the form of failing to appear at the appointed place for examination. Out of 1,700 men called in five communes near Malines not more than one-half presented themselves.

About 1,000 Belgians connected with the work of the American relief commission have been deported to Germany over the strong protest of the insurance and banking to the First State bank of Dime Box, Lee county, capital stock \$15,000. This is a guaranty fund bank.

Dime Box Bank Is Given Charter

By Associated Press. Austin, Jan. 30.—Certificate of authority to do business in Texas was granted today by the commissioner of insurance and banking to the First State bank of Dime Box, Lee county, capital stock \$15,000. This is a guaranty fund bank.

LAST CHANCE TO PAY POLL TAXES

Receipts issued Tuesday..... 954
Total for this year..... 8,857
Total same date last year..... 9,097

When the curtain rings down at midnight tonight McLennan county will know once more how many eligible votes there are in the county for another year.

After the county tax collector's office force worked up to date the last night it was announced that the figures for this year were only 240 behind those of last year.

The office will be open until midnight tonight and if favorable weather prevails it is expected that the work will reach what it did last year.

Clergyman-Undertaker Who Buried Webster Dead at New York

By Associated Press. New York, Jan. 30.—The Rev. Steven Merritt, Methodist clergyman and undertaker, who died at his home here yesterday, officiated or assisted at the funerals of Daniel Webster, President Grant and Commander Booth, lecturer of the Salvation Army, and many other prominent Americans.

Merritt never accepted compensation for his services as a clergyman.

Charges Consular Service Incompetent

By Associated Press. Chicago, Jan. 30.—An address by Poultny Bigelow, American consul general, before the Canadian club at Toronto yesterday in which he cast aspersions on the American consular service was the basis of a resolution of investigation introduced today by Representative Britten of Illinois.

The resolution attributes Bigelow's remarks to a "self-styled American" and then defends the American consular service as composed of men of unquestioned honesty, selected under rigid civil service examination and should therefore be free from questionable political intrigue.

SPANELL CASE WILL REACH JURY TODAY

Arguments Will Close This Afternoon, Then Charges Will Be Read.

MAY GET VENUE CHANGE

Charge of Killing Colonel Butler Will Likely Go to Another County.

By Associated Press.

San Angelo, Jan. 30.—One of six addresses by attorneys to the jury trying Harry J. Spanell for killing his wife at Alpine, Texas, July 20, 1916, was delivered this afternoon; another will be delivered tonight and the remaining four will be heard tomorrow, after which the case is expected to go to the jury, probably during the afternoon.

Although no announcement was made, information from authoritative sources late today indicated that a change of venue would be granted in the case against Spanell for the alleged killing of Lieut. Col. M. C. Butler, set for February 1. The case would be transferred, it was stated, on the ground that publicity given to the trial would preclude the selection of a jury in this (Tom Green) county.

Crystal Holland Spanell, wife of the defendant, and Colonel Butler were shot and killed in Spanell's automobile at Alpine. Spanell was indicted for the double killing and the cases brought here on a change of venue. Spanell, testifying in his own behalf, declared his wife was killed by a bullet fired by Colonel Butler during a fight between the two men over an insult he alleged Butler had offered Mrs. Spanell.

Charge to Jury. In his charge to the jury, Judge DuBoise said that if the jury found that Spanell was killed by a bullet fired by Colonel Butler during a fight between the two men over an insult he alleged Butler had offered Mrs. Spanell, he should only be found guilty of manslaughter, with a penalty of not less than two nor more than five years. If, said the court, Butler had or was making an attack on Spanell and Spanell feared for his life and fired at Butler in self-defense, accidentally killing his wife, he should be found not guilty. He pointed out that Spanell was not being tried for the killing of Butler.

To be found guilty of first degree murder, said Judge DuBoise, the defendant had to be shown that he intended to kill with malice aforethought.

MISSIONARY WORK COULD END WAR

By Associated Press.

Pittsburg, Pa., Jan. 30.—Dr. J. Campbell White, president of Wooster College, speaking at the opening session of the missionary convention of the United Presbyterian church here tonight, declared that the extension of missionary work throughout the world will do more to prevent wars than any other means. He urged that the amount of funds contributed for missions be quadrupled to hasten the acceptance of Christianity in order to prevent further international conflicts.

Look Out! Cold Wave Is Coming Soon

By Associated Press.

Washington, Jan. 26.—Unusual extremes were shown by tonight's weather bureau report which recorded summer-like temperatures in the southern states and intensely cold weather in the north. The thermometer registered eighty-six degrees at Fort Worth, while over the Northern Rocky Mountain region ten to twenty degrees below zero were general.

A storm now over Colorado probably will move rapidly eastward, bringing decidedly colder weather to southern states by Thursday.

"Death Book" Kept By Electrical Men

By Associated Press.

Chicago, Jan. 30.—A "death book" containing the names of persons marked for destruction was kept by business agents of some of the unions of electrical workers, according to testimony given today in the federal district court in the suit of the government against four former business agents and eleven switchboard manufacturers.

They are charged with violation of the Sherman anti-trust law.

Ohio to Investigate High Cost of Living

By Associated Press. Columbus, Ohio, Jan. 30.—The lower house of the Ohio legislature this afternoon adopted a resolution providing for a full investigation of the high cost of living by a joint legislative committee.

CHANGE MADE IN NEWS DELIVERY

Beginning tomorrow morning, a new delivery service will be inaugurated by the Waco Morning News, involving what is known as a "substation" or quick delivery plan. There have been established in the city of Waco eleven stations, located at drug stores, grocery stores and fire stations, in the resident sections of the city.

The papers will be taken in bundles by automobile and delivered to the various stations and boys who live near the stations will call there and deliver the routes from each station.

The boys who have been selected are from the best families in Waco, and subscribers will now have their papers placed under the door or on the porch each morning instead of being thrown in the yard. The principal reason of this new plan is to give readers better and more complete service and the advertisers more subscribers and better results. Collections will be made by men.

For the past twenty years all newspapers have been delivered in Waco by men who travel in carts or on bicycles, throwing the papers from the middle of the street, and the housewife is required to walk out in the yard, in bad weather, and pick up a newspaper. The new step taken by the Morning News places each newspaper under shelter.

This plan goes into effect tomorrow morning. Until the new, modern plan gets to going good, there may be some few subscribers who miss their paper. In case there are they are asked to phone 3466 and a paper will be sent immediately.

MANY MEXICANS ARE GIVEN BATHS

QUARANTINE REGULATIONS CARRIED OUT BY U. S. OFFICIALS.

By Associated Press.

El Paso, Jan. 30.—Nine hundred and twenty-nine Mexicans were given baths at the United States immigration station today, the third day of the enforcement of quarantine regulations as a preventative of typhus fever. No rioting occurred during the day and the danger of a repetition of the "bath riots" is now believed by the United States health officers to have passed.

The only disturbance today was when two Mexican men and one woman were arrested by local police officers at the American end of the international bridge. They were placed in the city jail on charges of inciting a riot. The woman later was dismissed and the men fined in police court.

Bill Introduced to Stop Importations of Strikebreakers

By Associated Press.

Austin, Jan. 30.—A measure making it an offense against the laws of the state to import strikebreakers or workmen from outside the state in the event of strikes was introduced in the house today at the request of the state labor department by Taylor and DeLoach.

The bill further provides that mayors and peace officers in the event of strikes shall not be allowed to swear in deputies at the request of the corporations maintaining the strikebreakers. It makes it an offense to urge workmen to move from one section to another where a strike is in progress without so advising them and also makes it unlawful to extract a pledge from any workmen that he will not become affiliated with any labor organization.

The government is vested with the power of ordering out forces to protect and property in the event of strikes in the state.

Custody of Dorothy Slaughter Again Is in Hands of Court

By Associated Press.

Amarillo, Jan. 30.—Dorothy Slaughter, 11 years old, daughter of Coney C. Slaughter, who is under federal indictment in connection with the failure of a Pueblo, Colo., bank today was taken from school here by Sheriff Reynolds of Dallas county on a writ of habeas corpus and taken to Dallas.

Since she was 11 months old the child had been shut out and forth between her maternal and paternal grandparents. The child had been living with her mother here. Three times W. B. Slaughter of Dallas, paternal grandfather, has failed to retain legal custody of the child.

Convicted Forger Jumps From Train

By Associated Press.

San Francisco, Jan. 30.—D. M. Delmas, alias Allan Dale, arrested last October, escaped from a train between San Antonio and El Paso, according to word received here today.

He was taken back to Huntsville penitentiary from which he was a fugitive when arrested in San Francisco for passing worthless checks.

ARMED SHIPS TO BE BARRED BY GERMANS

Americans May Be Warned Not to Travel on Such Boats.

SUBMARINE QUESTION INVOLVED

Merchant Crafts That Go Prepared Will Not Get Warning.

By Associated Press.

Washington, Jan. 30.—Information has reached here that Germany and her allies are considering communicating to the state department warning that Americans should keep off of armed merchant ships of belligerent nations. This became known today following the intimation in official circles yesterday that the United States might issue soon a new memorandum setting forth its attitude toward armed merchantmen.

Germany apparently has been paying the way for such a step for several weeks by submitting to the state department a series of statements alleging specific instances in which merchant craft of the entente powers have used offensively against a submarine guns carried ostensibly for defense.

The armed ship question, an unsolved problem throughout all the negotiations over submarine warfare is involved in practically all of the cases now pending between the United States and Germany and over which an admittedly grave situation eventually will have to be faced. Officials of the American government, however, have adopted a waiting attitude during discussion of moves for peace and still believe the submarine issue will not be forced to a conclusion as long as there is a possibility of tangible developments toward peace.

Fort Worth Officers Arrest Man Believed Wanted in Los Angeles

By Associated Press.

Fort Worth, Jan. 30.—A man suspected of being C. K. Whittington, accused of the death of Mrs. Harrison in Los Angeles, was arrested here this morning, following the presentation and cashing of a check at a local hotel. The check, drawn on a St. Louis bank, was subsequently turned down by the bank. The prisoner denies he is Whittington, though admitting he knew the Harrison woman.

Million Pledged to Buy Thoroughbred Cattle for Farmers

By Associated Press.

Fort Worth, Jan. 30.—One million dollars to purchase high-bred cattle for members of the Texas Farmers' union was pledged to the state convention now in session here by Fort Worth bankers this afternoon. This was the conference last night between the bankers and prominent delegates and officers of the union. The convention will be in session three days.

Redistricting Bill Will Come Up in Senate Wednesday

By Associated Press.

Austin, Jan. 29.—In the senate today Senator Dayton had set for special order Wednesday morning his bill providing for redistricting of the congressional districts. Senator Hudspeth sent up a committee substitute for the tick eradicating bill which is designed to meet certain objections of the cattle interests of the state. An effort was made by Senator Lattimore to arrange a program for committee meetings, but there was objection and his proposition.

Train Waits While State Secretary Eats

By Associated Press.

Fort Worth, Jan. 30.—If it hadn't been for the thoughtfulness of the Frisco railroad, the legislative committee and Secretary of State Bartlett, who today inspected John Tarleton college at Stephenville, would have gone hungry this morning. Their train was late in reaching Fort Worth, giving them only a few seconds to catch their outgoing train to Stephenville. The Frisco waited for them to get breakfast.

SPRING STYLE SHOW WILL BE HELD HERE

By Associated Press.

New York, Jan. 30.—From the files of a Wall street brokerage house, congressional inquirers today brought to light private and confidential telegrams regarded in some quarters as definitely indicating that there was a "leak" on President Wilson's recent peace note.

The most sensational telegram, containing a brief, but remarkable accurate forecast of the contents of the note was sent by E. F. Hutton and company, one of the largest brokerage houses in the street over its private wires to scores of other brokers with whom it did business throughout the country, on the afternoon of December 20, more than three hours before the first copies of the note were handed to newspaper men by Secretary Lansing.

At the time the Hutton message was sent, according to the testimony of Secretary Lansing before the committee in Washington, no one in this country save persons connected with the preparation and the dispatch of the note had as much information regarding its contents as the message revealed. The note previously had been sent abroad in code. Publication of the note followed transmission of the Hutton message to various brokers by more than ten hours.

Wilson's Relative Mentioned.

Information on which the message to brokers was based, Edward F. Hutton, head of the firm testifies, came in another message, now missing, from F. A. Connelly, of F. A. Connelly & Co., a Washington brokerage house in which R. W. Bolling, a brother-in-law of President Wilson, is a partner. Connelly was declared by Hutton to be hastening to New York tonight to appear before the committee tomorrow.

Hutton testified that his understanding was that Connelly's information regarding the note was based on a general rumor. Indicative that other brokerage concerns were in possession of similar information, Hutton said, was another message he published which Clement, Curtis & Co., of Chicago, sent his house prior to Connelly's first message referring to a statement to be issued by the state department "in order to promote peace prospects." This message contained no details.

Certain members of the committee, however, privately expressed conviction that the person who originally supplied the information on which Connelly's message was based either had read the president's note or obtained an excellent resume of it.

Someone Read Note.

"Someone read the note," Representative Campbell of Kansas, ranking republican member of the committee, emphatically declared after the close of the hearing.

Chairman Henry and Sherman L. Whipple, counsel for the committee, declined to express any views on the situation.

No effort will be spared, Whipple announced, to throw the fullest light on the origin and transmission of the Connelly information both in the message from Washington to E. F. Hutton & Co., and the subsequent message sent by them to their correspondents.

The latter message, according to Hutton, was prepared by George S. Ellis, Jr., a Connelly associate who is now ill in Georgia, he said. Hutton also requested the committee not to call Ellis to New York if it could be avoided.

Chairman Henry, determined to have Ellis testify, said he probably would be examined next week in Washington. Telegraph operators and others who had to do with the transmission of the message also are to be interrogated. Other members of the Connelly firm also probably will be called. Bolling already has testified at a Washington hearing that he had nothing to do with a "leak" of any kind.

Bolling Gruelled Hard.

Bolling's connection with the Connelly firm was the subject of much investigation by Whipple during his examination of Hutton. Hutton told of Connelly calling on him five or six months ago, informing him that the firm of E. F. Hutton & Co. was to be organized with Bolling as one of the partners and asking if the Hutton firm would become its New York correspondent.

Hutton said the fact that Bolling was to be a member of the firm had made no impression upon him. He denied that Connelly had said anything of an expectation of getting "high class customers" through Bolling's relationship to the president. To E. Connelly account, he said, however, had been "very attractive."

Whipple then had Hutton produce messages which had gone over the firm's wires which had gone over the firm's wires during the "peace period" in the stock market. The first to be read was the "leak" message, which was dated 12:05 o'clock eastern time, which was about

MESSAGE FROM WASHINGTON

Witness Testifies That Wire Came From Firm Doing Brokerage Business.

By Associated Press.

Dallas Fire Wagon Turns Over, One Man Fatally Hurt

By Associated Press.

Dallas, Jan. 30.—A chemical engine rushing to the scene of a grass fire in the Trinity river bottoms struck the Dallas fire wagon and turned over, fatally injuring one man and seriously injuring four others.

Lieut. T. B. Chandler of the fire department received injuries thought to be fatal.

an hour and a quarter after Secretary Lansing had told newspaper men in Washington that a note was coming from the president.

Repeats Clemens Message.

"I hear that state department will issue statement today regarding economic conditions European war as affecting neutrals," the Clemens message said. "Intended to promote prospects. What do you think of this and how are you on stocks?" Clemens.

The next was Hutton's reply to this, timed 1:14 p. m., which read: "Our Washington office gave us a similar wire to yours. Others have the same information. We put it out as it was more or less generally known. Your message was marked 'confidential' and we treated it so. E. F. H."

Some time between the receipt of the Chicago message and Hutton's reply to it, the now missing message from Connelly was received, Hutton testified. This was the message on which Hutton based his message at 1:54, which follows: "We are confidentially informed a highly important message has been received from Washington. It is interpreted as pressure on belligerents in behalf of neutrals, but apparently to put American demands on record, to be considered if there is peace, and warning neutrals rights must not be further encroached upon. It will be given out tonight and will be looked on as a very great moment."

Tells of Last Message.
Questioned on the last message from Connelly, Hutton said it was of a class that he seldom saw. Connelly had not kept a copy of the message, but the Washington broker would testify fully before the committee tomorrow.

Hutton also testified that he had no recollection that his firm had sent its communications in which reference was made to various Washington situations. One of them said it was understood that the president's message of last December 4, favoring the opening of congress would be favorable to the neutrals, but other other written by Hutton personally said that Washington advices were that increased freight rates probably would be granted the railroads.

Replying to sharp questioning by Whipple, Hutton said he did not recall any particular advice he had in mind other than a general impression he had gained from the newspaper and the ticker. He volunteered the statement that he had learned nothing in this connection from his firm had no source of information in Washington outside of the Connelly company.

Financial District Nervous.

While describing the nervous state of the financial district shortly prior to the issuance of the president's note, owing to the top-heavy accounts amassed by the "public," Hutton gave the committee a shock by casually announcing that his firm's outstanding loans against margined accounts aggregated \$25,000,000. This condition, he said, was general and was regarded by bankers as a dangerous over-indebtedness that might result in a panic. The bankers had begun to call loans, he said, with the result that he had secured a notice that his firm would not do business except for cash or 50 per cent margin, according to the security.

Hutton was preceded on the stand by Bernard Baruch, a large Wall Street operator, who testified that by the use of foresight he had made \$475,168 by selling short between December 10 and 23. Baruch again declared that he had received no advance information on the president's advice note.

CLEMENS ADMITS MESSAGE.

Broker Said It Resembled Hundreds of Others.

By Associated Press.
Pasadena, Cal., Jan. 30.—Rumors heard in his office in Chicago were the basis of the confidential Clemens statement telegram, mentioned today in the "leak" investigation in New York as having been sent December 20 last by Clemens, Curtis & Co., Chicago brokers. Hutton, New York broker, Allan Clemens, a member of the Chicago firm, stated here tonight.

"I sent the message concerning which Hutton testified," Clemens said. "It was one of the hundreds of rumors heard in brokers' circles. I don't know where it originated nor do I recall who gave it to me."

Clemens pointed out the message he sent was "more in the form of an inquiry than a direct statement," and added, "we were seeking information." Clemens said his firm had not been subpoenaed to appear before the house rules committee.

LARGE REFINING INTERESTS SOLD

Kansas City, Mo., Jan. 30.—Six oil refineries with a total capacity of about 80,000 barrels a day have been brought under control of the Empire Refining company, a new \$20,000,000 company, organization of which was announced today by the Henry L. Doherty & Co. interests. The six refineries companies controlled by the new company—five in Oklahoma and one in Texas—are: American Refining company, Okmulgee, Okla.; Ponca Refining company, Ponca City, Okla.; Cushing Refining company, Cushing, Okla.; Peerless Refining company, Cushing, Okla.; and Producers Refining company, Gainesville, Texas.

President Will Call an Extra Session if Laws Are Not Passed

By Associated Press.
Washington, Jan. 30.—President Wilson told callers today that the question of an extra session of congress after March 4 depended upon legislative results of the present session. He said he could not decide whether to summon an extra session until he is in a position to know definitely what action on his legislative program will be taken during the remaining weeks of the present session.

INDETERMINATION OF THE CAUSES ARREST OF TWO MEN IN WACO

ARREST IS MADE AS MEN PREPARE TO LEAVE CITY—LOOT IS RECOVERED.

"The Blue Necktie Escapade." Above is the title of a yarn that has so far progressed to the point of two young men being landed in the McLennan county jail.

Besides arresting the young men the sheriff's department has about the worth of merchandise ranging in value from a few neckties to six shotguns and belonging to a half dozen or more merchants over Central Texas—most in McLennan county—at the court house.

Walking into Scott's merchandise store at Eddy yesterday morning Jack Wakeman overheard the proprietor talking about his store being robbed on last Wednesday night.

"This might be one of the ties stolen," said the youth.

"It is," exclaimed the manager of the store, after examining the neck tie.

Officials Join Forces.

Within a few minutes the owner of the store, Wakeman and Deputy Sheriff at Beard of Eddy were in an automobile speeding to Waco. They were joined in Waco by Sheriff S. S. Fleming and Deputy Lee Jenkins.

Driving up to 920 Austin street they found men had an automobile engine in motion ready for a trip to San Antonio.

"Where are you going, boys?" Sheriff Fleming asked.

"To San Antonio," was the reply.

"What have you in the car?" the sheriff asked, pointing to a number of packages in the rear seat.

"Our outfit," was the reply.

After being taken to the county jail a search of the car was made and the outfit was found, which was the smoothest collection of burglary tools he has ever laid eyes on.

He also found a pistol that had been identified by the postmaster at South Bosque as his gun.

His office was robbed about three weeks ago.

Much Merchandise Recovered.

The young men had a six-cylinder car, and it is alleged that they used this in visiting small towns and burgling stores at night.

Besides the complete outfit of burglary tools the officers found shotguns, keys and other paraphernalia usually used by smooth burglars and safe blowers.

At the jail the men gave their names as Allen Wesley, 25 year old, and Robert Allen, 21.

He believe we have caught two of the smoothest crooks in the country," said Sheriff Fleming last night, and all through a blue necktie.

May Peterson, Concert Soprano, to Sing Here Monday Night at Baylor

Under the auspices of the Junior Euterpean club, music lovers of Waco and concert devotees will be given an opportunity to hear really talented artists, those who have made a name in the world of music.

On Monday night May Peterson, of the Opera Comique of Paris and one of the best concert sopranos of the American stage today, will sing at Carroll Chapel, Baylor university.

During the season, three famous musicians are to be brought to Waco. The first of these is Monday night at Baylor, the second will be Maude Powell, world-famous violinist, and the third will be no other than Percy Grainger, talented pianist. Maude Powell will play in Waco on the night of March 16, while Grainger will be here in April.

Older Boys of Club to Organize Tonight

Older boys of the Working Boys' club will organize tonight at the meeting of the club to be held at the headquarters at 203 1/2 South Fifth street, this will be a special class of boys but will be a part of the main organization.

A program will be given. Misses Rura Bell Jones and Beatrix Jenkins will furnish special music.

Equipment for the boys' gymnasium is being secured. Other necessary parts of the equipment will be ordered later. Each one of the boys is requested to bring a broom handle which will be used as a wand in the various drills to be practiced.

Y. M. C. A. Senate Members Hold Debate

After discussing bill number 1015, providing that public defenders be created in each large city throughout the United States, the Y. M. C. A. senate last night defeated the bill by a two-thirds vote.

The affirmative was represented by W. J. Miller, R. Anderson, C. Jones and R. B. Amerson. The negative was represented by T. J. Conway, J. E. Thomas, J. Ernard and J. Earle.

The senate has decided on a bill providing that all public defenders should undergo physical examination which will be discussed and voted on at the next meeting. This will take place Tuesday night at 7 o'clock in the association building.

W. A. MAYNARD DIES HERE AS RESULT OF PISTOL WOUNDS.

Less than two hours after W. A. Maynard was reported dead at the Providence sanitarium, a complaint charging first degree murder was filed against Tommy Wilkerson in Justice Giles P. Lester's court.

The shooting which caused Maynard's death took place on his farm five miles west of Waco last Thursday afternoon.

He was shot four times with a .22 calibre revolver. It is alleged the Wilkerson boy was walking with Maynard for some time while he was shooting.

Maynard is survived by his widow, his father, J. E. Maynard, four brothers and three sisters. He was 35 years of age.

The funeral service will be held from the residence five miles south of Waco at 2:30 o'clock today, with burial at the Waco cemetery. Revs. C. T. Caldwell, Waco, and Mayhew of Lorena will officiate. The pallbearers will be R. T. Hutchinson, J. W. Edens and Richard Abernathy.

An examining trial of Wilkerson will be held Friday.

Wife of Texas Ranger With Revolver Strapped to Waist Causes Scene

By Associated Press.
Chicago, Jan. 30.—Mrs. Helen Diamond, 24 years old, wife of a former Texas ranger, is under arrest today on a charge of carrying concealed traffic.

The police claim she obstructed traffic with a crowd gathered to gaze curiously at the big revolver and the cartridge belt slung around her waist. She said she was a soprano and a singer.

Snatchers, from one of whom she suffered recently.

Five Are Fined \$10 Each for Speeding

Five persons, men and boys, ranging in age from twenty-two to fifteen years, were given the minimum fine of \$10 each in the corporation court yesterday by Recorder Russell H. Kingsbury. All of those called into court were "up" for their first offense.

Fines are now being given in the corporation court for the first, \$20 for the second, and up to \$50 for the third offense. Speeders had best beware.

Finest are going up. The traffic cops are busy.

Negro Presbyterians to Erect New Church

A church building will be constructed by the congregation of the negro Presbyterian church on Rotan street, in East Waco, to begin this morning, according to information furnished by E. R. Sadler yesterday.

The new church building will be 24x48 feet, of frame construction, costing \$1,200.

The lot is a large one, 124x226 feet. The pastor of this congregation is Rev. P. H. Moore of Clifton, who will preach in the church present, but is expected to move to Waco later.

German Baron Accuses England of Selfishness

By Associated Press.

Berlin, Jan. 30.—Baron von Dem Bussche-Haddenhausen, undersecretary for foreign affairs and former secretary of the German embassy at Washington, commenting on London dispatches regarding the peace situation, said to the Associated Press:

"The argument as to Great Britain's selfishness in the world war, based on the fact that peace conditions outlined in the reply of the entente to President Wilson provide no territorial advantage for England, though richly satisfying the land hunger of the allies, is, as usual with British argumentation, a very superficial one."

"Apologists will point to England's altruism in the Napoleonic wars, not mentioning the fact during the hostilities she already had acquired South Africa, Ceylon, Trinidad, Malta, etc., and could afford to make no territorial claims at the peace congress. They now find it convenient to ignore the fact that England already has pocketed Germany's captured colonies."

"The richest territory rewards of any of the entente powers. These rewards, however, are insignificant to England in comparison to the purpose for which she went to war, namely, the destruction of an intelligent rival and the continuance of a predominant position in the world's trade."

Recites Many Charges.

"These, of course, are not mentioned in the manifesto to President Wilson, but the neutral world is witness, through Great Britain's efforts toward a permanent suppression of German trade, and knows through its own experience with the blacklists, the examination of neutrals' mail and the repression of blockades that these efforts will not stop with German interests, but interfere to British advantage in legitimate business of neutral countries."

"But Great Britain in her blacklist answer to the United States declared the blacklist applied only to dealings with British firms and did not affect the business of neutrals," interposed the correspondent.

"True on the surface," replied Baron von Dem Bussche-Haddenhausen, "but actually the prohibition against trading with the enemy had been extended in a manner contrary to international law since it treated as enemies neutral firms in neutral countries in so far as they did business with citizens of countries at war with England."

"To justify these very sweeping measures, Lord Grey, when foreign secretary, argued that no rights of property of blacklisted firms were infringed, but the firms enjoyed freedom in trading in every respect with all except British subjects. The point over which the British note glided carelessly with a few empty phrases, however, and which was vital to the entire argument, is that a blacklisted firm, as is well known, is robbed of the right to do business with other neutrals, this being accomplished by means of a chain boycott introduced by England."

Neutral Countries Suffer.

"The blacklist, you see, is directed more against neutral countries than against Germany and injures the neutrals far more than it does Germany, who for more than two years virtually has been excluded from the overseas trade. Our commerce, which needs to have been reduced to the minimum, has not been diminished by these measures and Germany's defeat cannot be accomplished by them. The intention plainly is to place the aims of leading strings, hamper its developments during the war and to bind it to England during the great after-war commercial struggle."

Besides the blacklist the English have also a highly confidential gray list. Firms whose names are on this list are characterized as houses with which it is not desired that Englishmen shall trade. The number of names on the gray list is much larger than on the blacklist. Against the blacklist there is an absolute embargo on goods and a similar restriction on mail privileges; but correspondence with those on the gray list still is permitted. This leads, however, in most cases to nothing owing to delays.

England's course, therefore, in spite of Lord Grey's attempt at whitewashing, is marked by a system designed to enrich England at neutral expense. Real aims are signs of Great Britain's real aims in the war, the destruction of altruism and the freedom of nationalities and the rights of small nations."

STEEL COMPANY IS MAKING MONEY FAST

EXTRA DIVIDEND ON COMMON STOCK DECLARED.

By Associated Press.
New York, Jan. 30.—All previous "prosperity" records in the history of the United States Steel corporation were surpassed today when the board of directors declared an extra dividend of 1 1/2 per cent on the common stock, together with the regular quarterly dividend of 1 1/4 per cent for the fourth quarter of 1916 and issued a statement of earnings for the same period exceeding by far all similar exhibits of past years as well as those fulfilling the most optimistic forecasts.

The earnings for the quarter, amounting to \$10,000,000, were a record, totaling \$33,225,086, which more than doubled those of 1915, which showing earnings amounting to \$16,000,000.

The total earnings for the quarter covered in today's statement compare with the total of \$35,817,367 for the third quarter of 1916, a sum which then constituted a record. Similarly new high figures were established in net income \$96,321,610 for the fourth quarter of 1916, as compared with \$76,202,408 during the third period, and a surplus of \$62,257,592 in the final quarter as against \$51,859,450 during the third quarter.

The total 1916 earnings compare with \$140,250,068 in 1915, and are larger by more than \$100,000,000 than the total of 1914. The lowest year when they were \$23,170,522.

With today's extra dividend of 1 1/2 per cent the total dividend on the common shares for 1916 amount to 8 1/2 per cent. The extra common dividend calls for \$8,895,294.

This makes the total dividend disbursements for the fourth quarter, including the regular dividend, \$12,533,356. Some surprise was expressed at annual quarters because the directors did not declare a larger dividend return in the face of the enormous earnings of the fourth quarter.

Analysis of this final period shows that the corporation was not materially handicapped by the heavy winter coal and steel shortage, although December earnings were \$2,834,417 less than for the same month of 1915.

Unfilled orders of 11,547,286 tons reported at the close of 1916 compare with 7,506,230 tons at the close of 1915.

No statement regarding trade prospects was made by any of the officials, but it is understood that the business now in hand is sufficient to keep the plant engaged at full capacity into the third quarter of the current year.

Mrs. Mattie D. Willis' Pupils' Recital.
The verdict of those privileged the pleasure of hearing the recital of the more advanced pupils of Mrs. Mattie D. Willis is that they not only acquitted themselves with credit, but did honor to their teacher. This was on Saturday evening in the home of their efficient teacher. Those who took part

on the program were Howard Wood, Misses Karen Young, Clemence Vivrett, Frances Nash, Lucille Jackson, Clotilde Brazelton, Mary Whitehurst, Caroline Alexander, Lucille Standerfer, Lois Hoad, Elizabeth Bray.
On Monday afternoon the younger pupils were heard in parlor recital and much pride is theirs also for their skill as performers. These were Misses Goldie and Tillie Lazarus, Pearl Milam, Edna Maud Ayresworth, Elizabeth McKennon, Betsy Rowell, Mary V. Lastinger, Robbie Mae Nichols, Rosalie Lazarus, Laura Bassett Boynton, Maurine Brown, Gladys Hilburn, Virginia Holt, Virginia Horn, Willie Kilbough, Lavinia Rawlings and Lucie Jackson.
Mrs. M. B. Willis added her gracious welcome to her daughter's pupils and their guests.

Mrs. J. R. Milam Hostess.
The meeting of the Priscillas with Mrs. J. R. Milam is pronounced one of unusual interest and pleasure. Mrs. L. A. Brooks of California was named honor guest. Preceding the social hour a musical program was rendered. Mrs. J. W. Carroll played in her skillful manner and was also accompanist for Mrs. Lon Brooks, who sang for the enjoyment of the guests. Mrs. Walter Rathell added her talent in several sweet violin numbers.
Little Pearl Milam presented Mrs. Brooks with a corsage of sweetheart buds and valley lilies.

Mrs. Milam invited to meet with her club Mesdames J. H. Sturgis, J. J. Abernathy, O. L. Stribling, F. P. Culver, C. H. Anderson, Frank Farnum, R. B. Spencer, Tom McCullough, Allan Sanford, C. M. Day of Tennessee, W. W. Woodson, J. W. Hale, J. W. Carroll, Walter Rathell, Frank Wells, L. A. Brooks, Miss Clara Primm. A luncheon of several courses was daintily served. Scotch raisins, buns and Scotch short bread were noted for their unusualness, showing the Scotch ancestry of the hostess.

Mrs. Gardner Gillespie and her sister, Miss Betty Cornwall of Short Hills, N. J., will arrive on Saturday.

Mr. and Mrs. Richard Jurney contemplated a California visit in early spring.

Mrs. Frank Powers of Otto, who had been in the city since Sunday visiting her daughter, Bernice, returned home yesterday accompanied by her daughter, who had been in Waco the past eight months.

State Senator A. R. McCollum and wife left yesterday for Austin, where he will resume his duties in the legislature.

C. M. Pattillo of Cisco, a former Waco resident, was in the city yesterday.

Mayors of Several Cities Tell Views on Utilities Bill

By Associated Press.
Austin, Jan. 30.—A hearing was held today by Senate committee on commerce and manufacture on the Lattimore bill creating a public service commission but action on the bill was deferred until next Thursday. Mayors and other officials of a number of Texas cities were present at the hearing.

James Marmion, mayor of Houston Heights, and president of the Texas League of Municipalities, appeared before the committee and objected to that feature of the bill which provides that complaints lodged with the proposed commission can only be made by a group of five or more persons. He contended that this should be so changed as to permit an individual to make complaints. Mayor Marmion insisted that the regulation of public service corporations should be left to the various cities and not to a state commission. Mayor Brown of San Antonio and Mayor Henry D. Lindsey of Dallas also took the same position.

HOUSE COMMITTEES SPEND BUSY DAY

SEVERAL STATE QUESTIONS ACTED UPON REPORT SHOWS.

By Associated Press.

Austin, Tex., Jan. 30.—The following committee actions was recorded in the house today:

The committee on public buildings and grounds made a favorable report on the bill by Robertson authorizing the board of regents of the University of Texas to empower the treasurer of the state to collect income from any other part of its funds, rentals and its land, etc., and invest this in bonds.

Favorable reports were given the bills by Osborne, Cox and others creating the fortieth judicial district and the senate bill by Dean reorganizing the seventy-fifth judicial district, by the committee on judiciary.

The committee on asylums reported favorably the bill locating an asylum in the state to collect income from any other part of its funds, rentals and its land, etc., and invest this in bonds.

Favorable reports were given the bill by Bland, providing for damages for injury to cotton in warehouses by warehouse men; by Scholl, providing for the establishment and maintenance of apiaries under the direction of A. and M. college, and an unfavorable report was made on the bill by Terrell, establishing standard containers, were set for next Monday by the committee on agriculture.

The irrigation bill was under consideration during the morning as well as the measure which in effect would allow insurance companies which withdrew from the state years ago to return under certain stipulations.

Favorable report was given the eight-hour working day for policemen.

Special order for next Thursday was made on the bills dealing with "wrecking" of insurance companies.

NEW OIL COMPANY WANTS CHARTER

By Associated Press.

Austin, Tex., Jan. 30.—Articles of incorporation of a new oil company were presented to the secretary of state for approval but after an investigation, the charter was withdrawn and referred to the attorney general's department for an opinion which has not as yet been given on the question of the approval of the instrument.

The proposed corporation has a large capital stock and the Pierce-Fordyce Oil association, now doing business in Texas, is said to be a subscriber to the majority of the stock.

"Mooching" Bill Is Reported Favorably

Austin, Jan. 30.—Senate committee on privileges and elections today reported favorably the house bill against "mooching," with an adverse minority report.

A moocher is defined as a person who solicits money or drinks from a candidate for office. An adverse minority report was sent up.

Senate committee on internal improvements reported favorably on senate bill regulating the hours of work for section hands; also favorably on committee substitute bill requiring railroads to give thirty days' notice when discharging an employee or reducing the force of employees.

Senate committee on public lands and land office reported favorably on the bill by Senator Hall conveying to the United States 3.44 acres on the dykes of Galveston bay on which to build a light house depot.

SUFFERED FOR FOUR YEARS

Tried Many Different Medicines, But Finally Found Relief in Cardui, Writes Texas Lady.

Palentine, Texas.—Mrs. Annie Wyrill, of this place, writes: "I suffered four years with female trouble. I tried all kinds of different medicines that were recommended to me, but nothing gave me relief until I took Cardui.

I suffered with . . . trouble something awful. My back hurt me so bad I could not turn in the bed. . . . I was so weak I could hardly live, much less get around. If I tried to get about and do my work, I would begin to . . . and have fainting spells. . . . I got worse all the time and weaker, too. . . .

My husband was worried to death and said something must be done. Just at that time a newsboy was passing the house. My husband went out and bought a paper from him. The first thing his eyes rested on was the Cardui ad. He immediately went to town and got a bottle. . . . By the time I had taken a bottle and a half I could be on my feet. . . . When I was on my 4th bottle I could do anything I wanted to and go anywhere. From that day to this I have never had any more trouble. I am entirely well."

Cardui, the woman's tonic, has been found to help relieve many of the conditions arising from female weakness. Try it, today. At your druggist's.

HAPPIER MARRIAGES—LESS
DIVORCE.

There is a preacher in St. Louis who gives advice as well as expounds the scriptures. For the most part the victims of his admonitions are young and unmarried people. "Don't love a man for his money, but see that he has money," is his advice. The man who hasn't money enough saved up for the rainy day doesn't deserve a wife. The girl should have sense to know it. Then he hands the women a neat little package in these words:

"Many women are like good samples. They are whitewashed, enameled and rose-tinted. They should be labeled 'Handle With Care.' Their husbands resort to the divorce courts. Their inscriptions are something like this: 'Not as ordered in sample. Kindly return.'"

The preacher has the right idea if he is working for more successful and happier marriages and fewer divorces. A man should, before he marries, be able to support a wife. He should have been thoughtful enough to lay aside some money for the proverbial rainy day which always comes after marriage. Then, to a certain extent, he must continue to be prosperous to ever be happy, which he is very likely to do if he has been prosperous before marriage. Surely the minister is right about men being mistaken in the wives and so are women mistaken in the brand, or sample, they select. If his plea for men and women to know each other better before the wedding bells ring, were heeded there would be fewer wedding bells, but undoubtedly more successful marriages.

WAR'S CAUSE.

Dr. Roessicke, president of the German Farmers Union says: "God has given us a hint. He caused the harvests of the world to be so bad that Great Britain finds it difficult to feed herself. Therefore, if we do not prevent the wheat-laden ships from Australia and India reaching Britain it is doubtful whether God will again give us such opportunity, because He demands that the hand shall be seized which He stretches out to us."

But Germany is pretty short of food, too, if reports have any truth in them. All the nations are suffering from scarcity of food supplies. If the Doctor is correct, the building of the 1,000 German submarines will be a dedication to God, and the commerce destroyer is a divine instrument. The Englishman, the Frenchman, the Turk, the Bulgarian, the German, the Belgian and every other people, have their god. Most of their gods are different, as they see him. But when the world is united in the belief that there is but one God, why mix his name with the war? The war was brought on by human beings. The one, just God is not responsible. Thinking men will excuse any belligerent for declaring its particular side is the side of right and justice, and humanity, but to blame God for the war is sacrilegious.

A half million women are engaged in making munitions in Great Britain. This number is increasing daily, yet the ministry of munitions has issued another appeal for 8,000 more women workers. The Director General declares that upon the response to the call for women workers to manufacture munitions, may depend whether or not victory will be won in the spring or whether a fourth winter of hostilities will have to be endured. Men fight and are killed in war and pass on to suffer no more. Women and children stay at home and die a thousand deaths in suffering and sorrow and misery and toil and keep living. Women bear the brunt. The man's part is easy when compared to the fate of women and little children.

Mrs. E. J. Montooth, president of the society, and Rev. C. E. Lindsey, pastor in charge at Mart, were the accredited representatives and are very much gratified with the showing made by Mart.

MARLIN

"THE CARLSBAD OF AMERICA."

R. C. Fain, Correspondent, Phone 493.

Marlin, Jan. 30.—Three specialists from the bureau of education of the United States at Washington, and which Dr. P. P. Claxton is commissioner, arrived in Marlin yesterday and immediately began the work of an educational survey of Falls county.

The work is being done by C. H. Meurman, specialist in education; C. H. Lane, agricultural specialist, and Miss Edith Lathrop, specialist in primary work, all of Washington.

The object of the specialists is to point out any errors in the present system used in the schools of the county and offer suggestions for improvement. Dr. L. P. Robertson, president of the county school board, and Supt. G. A. Pringle of the Falls county schools are both very much pleased over their success in getting them to make the survey and both feel that it will be of great benefit to the schools of the county.

Superintendents Woodley of Ross, McWilliams of Lott, and Peck of Reagan were here to meet the specialists.

and get a promise from them to visit their schools. Walker is the only other county in Texas receiving the benefits from an educational survey.

A youth of fifteen years was arrested yesterday by Sheriff C. H. Platt on a charge of forgery. The boy is charged with forging the name of Mrs. C. H. Platt to a check for \$12.75, and successfully collecting the amount at a local bank and later appeared with a check for a similar amount bearing the name of a negro merchant. This check was refused by one of the officials. It was not until a few days ago when Mrs. Platt's paid checks were returned to her that the forgery was discovered and an investigation followed which resulted in the arrest of Bill Farnell, charged with the forgery. He was later released upon his promise to appear before Judge Heffner for trial in the probation court today.

Mr. and Mrs. Frank R. Salter of Amarillo are recent arrivals in Marlin for the baths.

J. A. Tarver, president of the Planters National bank of Rosebud, is a business visitor in the city.

Mrs. Sam Harris of Port Arthur is a guest at the Majestic.

Miss Jeffie Pringle has accepted a position in the schools at Brownwood and left today for that place. Miss Pringle has been for several years a teacher in the Marlin schools and has a host of friends here who regret her departure. She will be succeeded by Miss Weeden.

Mrs. E. J. Montooth and Miss Mary Montooth of Lufkin are visitors in Marlin for the health resort features.

Mrs. C. R. Collins of Lufkin is here for the baths.

MOTHER SAID
TRY IT

Lydia E. Pinkham's Vegetable Compound Cured Mrs. Copner after Doctor's Failed.

Cincinnati, Ohio.—"I want you to know the good Lydia E. Pinkham's Vegetable Compound has done for me. I was in such bad health from female troubles that I could hardly get off my bed. I had been doctoring for a long time and my mother said, 'I want you to try Lydia E. Pinkham's Vegetable Compound.' So I did, and it has certainly made me a well woman. I am able to do my house work and am so happy as I never expected to go around the way I do again, and I want others to know what Lydia E. Pinkham's Vegetable Compound has done for me."

—Mrs. JOSIE CORNER, 1668 Harrison Ave., Fairmont, Cincinnati, Ohio.

No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous remedy, the medicinal ingredients of which are derived from choice roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism.

HUNDREDS OF WACO PEOPLE BENEFITED BY TAKING TANLAC

MRS. W. J. PAISLEY WAS CONFINED TO HOUSE FOR SIXTEEN MONTHS AND COULD HARDLY GET ABOUT.

HAD SUFFERED FOUR YEARS

All Her Troubles Are Gone Since She Took Tanlac and She Has Now Gone on a Visit to Relatives in Fort Worth, Says Husband.

Although placed on sale in Waco only two months ago, the demand for Tanlac, the celebrated medicine that is accomplishing such remarkable results through its use, has already assumed record-breaking proportions. People everywhere have been quick to recognize its superior merit and wonderful curative powers and thousands are being helped by it. Remarkable as it may seem, over one hundred and forty, or to be exact, one hundred and forty-four well known people called at Morrison's Old Corner Drug Store in one day alone recently to obtain the medicine and to tell of the benefits they have derived from its use. Among the number benefited is Mrs. Ella Paisley, wife of W. J. Paisley, a well known carpenter, residing at 1101 North Eleventh street.

In relating his wife's experience with Tanlac to the special Tanlac representative a few days ago, Mr. Paisley said:

"Tanlac has certainly been a wonderful medicine for my wife. Why, she hadn't been able to get out of the house for sixteen months before she took the medicine. She says now she feels just like a new woman and has gone off on a visit to relatives in Fort Worth. "She had an awful time with nervous indigestion for four years. Many a night she would have as many as a dozen nervous spells and suffer so she couldn't sleep. She had no appetite, scarcely and the little she managed to eat made trouble for her and seemed to do her very little good. She had terrible headaches and most everything seemed to worry her and upset her until she began taking Tanlac. "She is now taking her third bottle of Tanlac and her friends and neighbors have been telling her how much better she looks. She has gained several pounds and anybody who knows her can see the great change Tanlac has made in her. Her appetite is fine now and she eats what she wants without having any trouble afterwards. Her nervous trouble has disappeared and she sleeps like a child every night. She hasn't had a headache since taking Tanlac and she's gaining in weight and strength every day. She really started on her visit to Fort Worth a well woman and one of the happiest persons I ever saw. Well, what Tanlac has done for her is enough to make her glad and she and I both will always have a good word for it."

Tanlac is sold in Waco by Morrison's Old Corner Drug Store, under the personal direction of the special Tanlac representative.—Adv.

Stockholders of Huaco Club to Meet Tomorrow Night at Hotel Raleigh

Stockholders of the Huaco club, recently destroyed by fire, will meet tomorrow night at the Hotel Raleigh, discuss the situation with regard to plans which are to be carried out, and will hear a financial report.

Insurance adjustments have been made, and the financial statement presented will be complete. The question of rebuilding the club house, its location in case it is rebuilt, which is considered certain, and other matters will engage attention.

Several new sites have been proposed by individuals, but no decision has been reached regarding the matter, and it is not known what will be done in this direction.

A meeting of directors was held Monday night in the office of George V. Rotan, Bankers' Trust company building, to consider propositions of sites offered for the club, but no action was taken.

Hearing on Utilities Bill Postponed Until February 8, Says Mayor

Declaring that the bill in the Texas legislature on control of municipal utilities by a state commission destroys home rule and puts utilities in the hands of persons who cannot possibly understand them or take the interest that the people most concerned would take, Mayor John Dollins yesterday afternoon returned from Austin and said that definite action in opposition to the bill will be taken here shortly.

Mayor Dollins said that the hearing on this bill was postponed until Thursday, February 8, and therefore more time is available for aligning the opposition to the measure. City Attorney John Maxwell remained in Austin yesterday to get a copy of the bill. Mayor Dollins said that there practically was no doubt that the measure has been so framed that it includes municipal utilities as well as corporate utilities.

OBITUARIES

Funeral of J. C. Lee. Funeral services of J. C. Lee were held at 3 o'clock yesterday afternoon at the residence of S. Y. Lee, 1700 Barnard street, Revs. J. J. Grier and F. S. Groner officiating.

Interment followed at Oakwood cemetery. Members of Pat Cleburne camp, U. C. V., attended, as Mr. Lee was a member of the Confederate organization.

Y. M. B. L. ASKED TO ENTERTAIN W. O. W.

W. V. CRAWFORD URGES CONNECTION OF SOUTH FIFTH WITH TEMPLE HIGHWAY.

ENDORSE RAILROAD EXTENSION

Frank T. West asked assistance of the members of the Y. M. B. L. at their regular meeting last night for the entertainment of the Woodmen of the World when they hold their convention here for one week, beginning April 2. This convention will bring probably 7,500 persons to Waco for the week. W. V. Crawford urged that the league assist in this entertainment, as it is eventually planned that Waco be made the headquarters of the Woodmen.

Dr. Paul C. Murphy of the Knights of Pythias lodge appeared before the league, asking that the members assist in the entertainment of the K. of P. convention, which meets in Waco for four days, beginning May 8. It is also planned to make Waco the permanent meeting place of this lodge.

Asking that the league aid him in bringing to Waco the State Sunday School association convention, James Jenkins made a short talk to the directorate and urged that the members assist him in this work. This convention will be held here March 25. This was referred to a special convention committee which was later appointed.

Want Road Connections.

Representing the Rotary club, W. V. Crawford appeared before the league and asked for the endorsement of connecting up South Fifth street with the temple road. Mr. Crawford said that the Rotarians at their meeting Monday noon had decided upon going to the city commission meeting and urge a bond issue for this and other street and road improvements and purposes. The importance and value of connecting up all city streets with roads leading into Waco was stressed.

Members of the Y. M. B. L. and the Rotary club will appear at the city commission meeting tomorrow morning in the interest of this and other street and road connections. Urging that the league take up the proposition of Capt. Charles Theodor of the Waco Aviation school to make a motion picture of the city, while aloft in his airplane, W. V. Crawford and C. P. Link made short talks. This picture will be made by J. H. Holly. The proposition was referred to a special committee composed of William L. Edmond, Forrest E. Goodman and John F. Wright.

Offers Aid in Publicity.

Charles E. Marsh of the Waco Morning News appeared before league members and offered to aid the organization in publicity.

That entertainment for the Waco Y. M. B. L. members and other delegation from this city to the Fort Worth fat stock show in March will be provided was stated by Chairman F. B. McPeak of the committee named by the league on this matter. Mr. McPeak stated that he had received a letter from the secretary of the stock show, advising him that suitable entertainment would be provided.

Some special speaker will be secured for the next general meeting of the league, to be held February 13, according to a decision reached by the directorate. A special committee was appointed on this matter. It is composed of Jake Terry, Perry A. Duncan and Dr. C. P. Schenck.

Gets Teachers' Convention.

Chairman John F. Wyche of the convention committee reported that, through the assistance of the Waco Chamber of Commerce, the State Teachers' convention for 1917 had been secured for Waco.

Reporting on his trip to Austin in the interest of the extension of the Palestine-to-Waco railroad, President R. B. Dupree said that he had conferred with several members of the senate and that they had expressed themselves as favoring the road extension to Waco. Newt B. Williams of Waco, now at Austin, will introduce an amendment to the Moore bill changing the road from Dallas to Waco, according to Mr. Dupree. F. E. Goodman said that the extension of this road here would result in better means of distributing products out of Waco. A motion was made that Mr. Dupree return to Austin and assist the committee in bringing this railroad to Waco.

League Indorses New Court.

In response to a suggestion made by R. E. Pellow that the league write its indorsement of the proposal to create another court of civil appeals and to be located in Waco, the following telegram was last night dispatched:

"Waco, Texas, January 29.—Senator A. R. McCollum, Hon. N. B. Williams, Hon. F. M. Fitzpatrick, Hon. W. A. Poage, Austin, Texas, Capitol Building: This is to advise you that the directors of the Y. M. B. L. have indorsed the proposition to create another court of civil appeals to be located in Waco. We hope you will see that a bill is introduced to this effect and that you will give your best efforts to secure its enactment. The Y. M. B. L. is ready to aid you in any manner you may suggest and its entire membership is at your command."

"R. B. DUPREE, President."

Similar telegrams were sent to Lieut. Gov. W. P. Hobby, Speaker R. O. Fuller and Gov. James E. Ferguson. T. H. Williams made a short report on the poll tax campaign waged by the league for the payment of poll taxes.

To Raise Convention Fund.

Suggesting that the league make preparations for the entertainment of the various conventions that will be held in Waco this year, W. W. Naman made a motion that the league name a committee to raise an entertainment fund over the city for this purpose.

This was decided upon and the following composed the committee appointed: Perry A. Duncan, E. A. Miller, F. B. McPeak, William L. Edmond, William C. Dugger, E. C. Blomeyer, John Wyche, R. E. Pellow and F. A. Gildersleeve.

Delegates to the Pan-American Aero-nautic exposition to be held in New York City February 8 to 15 were named by the league. They are Sol Hirschberg, Asher Sanger, L. Migel, Harry M. Baine and Dr. I. E. Colgin.

Calomel salivates. It's mercury. Calomel acts like dynamite on a sluggish liver. When Calomel comes into contact with your bile it crashes into it causing cramping and nausea.

You feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a 50-cent bottle of Dodson's Liver Tonic, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel, and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tonic you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give children; they like it.

AUTO OVERTURNS; ONE OF FOUR BOYS HURT

DALLAS CAR IS UPRIGHTED FOLLOWING ACCIDENT.

Chester Rumney, a boy 15 years old, was rendered unconscious; another boy was hurt and two others badly scared at the intersection of Sixth and Dewey streets shortly after 9 o'clock last night when the automobile they were in turned over, pinning the Rumney boy underneath.

Rumney was taken to the city hall in the city ambulance, the call to the accident being answered by Night Chief Charley James, Police Officer Rutland and G. R. Herbert. Rumney was the only boy to be seen when the officers arrived, and he was too badly hurt to move. It was stated by persons passing just after the accident that another boy had been badly bruised. He had disappeared.

Chester Rumney was cut about the face and hands and complained of pain in his chest. He gave the names of the other boys who were in the car as being Clifford Jewell, Emmett Bailey and Olive Lloyd, but could give no details of the accident, as he seemingly was dazed.

A Dallas car, No. 12,643, was up-righted after the accident. Rumney said he did not know where the car came from. He was taken home in the city ambulance at 10:15 o'clock.

JACKSON CAPTURES ESCAPED CONVICT

Ed Chandler, negro, was picked up as a suspect last night in East Waco by Officer George W. Jackson. The negro turned out to be an escaped convict.

Chandler at first told a story about chopping wood near here, but when questioned closely, Officer Jackson said that Chandler told how he escaped, with another negro. He was serving a sentence for theft.

SAVE YOUR HAIR AND BEAUTIFY IT WITH "DANDERINE"

SPEND 25 CENTS! DANDRUFF DISAPPEARS AND HAIR STOPS COMING OUT.

TRY THIS! HAIR GETS BEAUTIFUL, WAVY AND THICK IN FEW MOMENTS.

If you care for heavy hair, that glitters with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, fluffy hair if you have dandruff.

This destructive scourge robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots furnish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a 25c bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now?

Appreciative Waco Audience Witnesses "The Bohemian Girl"

ENTRANCING ROMANCE SHOWING AT AUDITORIUM DRAWS LARGE CROWD.

A superb scenic spectacle, a stirring drama, an entrancing romance, and an unusually inspiring musical offering in one production, constitute the light opera, "The Bohemian Girl," presented at the Auditorium theatre yesterday matinee and night.

For six successful seasons the Aborn Opera company has presented this stirring light opera telling the story of the Bohemian girl. The wonderfully interesting story of the robbery from the Bohemian nobility of his daughter by a band of wandering gypsies gives opportunity for the presenting of many beautiful scenes. The escape up the mountainside, the famous gypsy camp, the gypsy wedding, the whirlwind Tzigan actors in the scene at a fair and the meeting of Arline, the stolen daughter, and her father at the nobleman's court, as scenic attractions deserve the most favorable criticism. The love and romance of the daughter of the Bohemian nobleman, and the proscribed Polish nobleman, who assumes the role of a wandering gypsy, is carried out with freshness and vigor of action. Light and refreshing comedy is skillfully threaded through the heavier parts, giving a pleasing effect, intensified by the songs sung by good voices which interpret the story.

Soprano Has Splendid Voice.
Jeanette Wells, the sweet-voiced soprano, in the role of Arline, the Bohemian girl, finds ample opportunity for showing the power of her splendid voice. It is in the second act when in the theme of the story she is awakened from a beautiful dream, and sings "I Dreamt I Dwelt in Marble Halls," that the audience forms the first attachment to the well known star. The favorable impression continues through the play. Aside from the possession of a wonderful voice, Miss Wells' personality and ability as an actress is foremost among the brilliant company who support her.

Harold Blake, in the role of a proscribed Polish nobleman, whose identity is hidden in the garb of a wandering gypsy, pleased the audience with his tender voice and acting and contralto singing.

Gypsy Chief Is Good.

Possessing a bass voice of rare natural richness, Francis Tyler, a gypsy chief in the play, added value to the opera, not only in the many scenes in which he and his voice were the center of attention, but in the quartettes in which his wonderful contralto bass voice added splendor to the selections.

The part of Count Arnheim, the Austrian nobleman, was aptly portrayed by Albert Wallerstein, not only in his intense personality, but by skillful acting and good singing.

Some favorable criticism should be given the troupe of Tzigan whirlwind tumblers, for their splendid acting, as features of the play, and the excellence of the supporting chorus no fault can be found.

The ten stars who compose the cast present a light opera in high class, and one which it is not in the Waco theatre patrons have opportunity to see.

BAYLOR IS DEFEATED BY NARROW MARGIN

AGGIES' FIVE FIGHTS HARD FOR 20 TO 13 VICTORY.

Special to The News.

College Station, Jan. 30.—With Burkett out with injuries sustained last night, the Aggies had to fight hard to beat Baylor today 20 to 13. In the first half the Aggies ran up a 15-point lead, but Baylor came back strong and outplayed the Farmers in the last half.

The work of Starns and Thornton for the Farmers and of Potts and Wilson for Baylor stood out. The Aggies rest until February 12, when T. C. U. comes here for two games.

The line-up tonight was as follows:
A. & M.—Position. Baylor.
Griffith, Right forward. Wiebusch.
Griesbeck, Left forward. Potts.
Settegast, Center. Thompson.
Thornton, Right guard. Wilson.
Starns, Left guard. Potts.
Substitutes: Barnes for Thornton and Spencer for Morrow. Field goals, Griffith 2, Thornton 2, Griesbeck 2, Settegast, Potts, Spencer, Thompson 2. Free goals, Griffith 6, Morrow 5.

MARKET REPORT

COTTON

New Orleans.

By Associated Press.

New Orleans, Jan. 30.—Cotton was depressed throughout the session of the market today, but the declines were not wide and there were periods of strength which carried the price well up toward the level of yesterday's close.

At no time was the trade aggressive, bullish operations being hampered by the quiet in the spot department and the falling off in the export movement, while trading for a fall in prices was restricted by continued talk of an expected peace movement.

The net change for the day was a loss of 4 to 15 points. The opening was at the decline, and at the best of the day active months still were at a net loss of 1 to 6 points.

New York.

New York, Jan. 30.—The cotton market was quiet today, but part of an early decline was recovered, with the close steady at a net loss of 9 to 12 points. After selling at 12.25, May rallied to 12.47 and closed at 12.49.

The opening was barely steady at a decline of 2 to 8 points under scattering liquidation. There was a little support from spot house brokers and some scattered covering, but every little bulge appeared to meet Wall Street and New Orleans selling, with March selling off 17.13 and July at 17.28 late in the morning. This made a net decline of about 15 to 22 points on the general list and the market then steadied as offerings diminished. There was no change in the general average of southern spot news, while buying seemed to be encouraged during the afternoon by the restoration of an English estimate placing the world's consumption of American cotton this season at 14,750,000 bales.

March sold up to 12.24, while July advanced to 12.45, making new high ground for the day on the latter delivery.

Closing prices were a few points off the best under feeling that if the world's consumption of American this year should aggregate 14,750,000, as estimated by London authorities, it would mean a consumption for the three years ending with next July amounting to approximately 2,000,000 bales more than actual growth of the three seasons as suggested by the census figures and estimates of the present crop.

COTTON SEED OIL

By Associated Press.
New York, Jan. 30.—After starting featureless and a shade easier, cotton oil firmed up on short covering and commission house buying, induced by higher showing in lard and a better feeling in other commodity markets. Final prices were 3 to 5 points net higher.

GRAIN MARKET

By Associated Press.

Chicago, Jan. 30.—Fears that a predicted cold wave might harm unprotected portions of the winter crop tended today to give strength to the wheat market. Prices closed strong, 3/4@4 1/4c net higher, with May at \$1.75@1.75 1/4, and July at \$1.42@1.49 1/4. Corn scored a gain of 1 1/4@1 1/2c and oats of 3/4@1c. Provisions wound up unchanged to 1 1/2c net higher.

Wheat at first showed much greater advances in the new crop futures than in the May option, but in the end the nearer month had the lead.

Indications of export buying lifted corn. Oats followed other cereals upgrade.

Forecasts of a blizzard which might restrict the marketing of livestock put firmness into provisions.

AGREES ON AMOUNT TO RAISE FOR ROAD

TERMINALS FOR LINE TO BE FURNISHED; WILL OBTAIN \$100,000.

SURVEY WILL START SOON

Waco has met the offer of Beaumont to the proposed Waco-Beaumont railroad. Directors of the Chamber of Commerce yesterday morning agreed under certain conditions to raise \$100,000 and to furnish terminals for the line; \$5,000 of this amount to be raised at once and used in connection with a like sum from Beaumont in starting surveys of the line within thirty days.

This action was taken yesterday morning at 10 o'clock at a joint meeting of the Waco committee of the railroad and directors of the Chamber of Commerce, President J. M. Penland, presiding. The Waco Chamber of Commerce adopted a resolution reciting the fact that Beaumont had made a pledge of \$100,000 and terminals to the line. The Waco organization pledged its best efforts to raise a similar amount when the time comes. The \$5,000 is to be secured at once, this work to be in the hands of the committee of five, of which Abe Gross is chairman. The committee is composed of, besides Chairman Abe Gross, E. W. Marshall, J. N. McFarland, W. G. Lacy and W. V. Crawford.

Resolution Is Adopted.
After the offer made by Beaumont towards the road had been explained by Chairman Gross and after there had been discussion of the matter, it was decided to adopt the resolution putting Waco on record as substantially favoring the project.

The next step is the surveying of the good news that Waco had shown its faith in the enterprise and its practical aid and encouragement. Trinity has agreed to raise \$75,000. It was stated yesterday afternoon by Sec. H. D. Driscoll of the Chamber of Commerce that it will be easy to raise more than half a million dollars in concessions to the road.

The next step is the meeting between the Waco and Beaumont committees of five, forming a board of control of ten, when yet more definite steps will be taken, and arrangements made for a general meeting of all the cities and towns along the route between now and February 15.

MACHINERY CO. TO ENLARGE PLANT

Waiting only to get arrangements made for proper trackage leading to their plant from the railroad, the D. June Machinery company will enlarge the foundry building near the river front, at First and Franklin streets.

It was stated yesterday by M. Holderman that some temporary buildings probably will be built soon, adding to the space of the company, but that the main building could not be constructed until the trackage matter is out of the way. It is expected that this will not require much longer, as negotiations with the railroad are in progress, and a satisfactory adjustment is thought to be pending.

W. W. Woodson Compiles Leaflet From National Farm Loan Bank Data

A leaflet giving condensed facts regarding the methods of procedure in organizing a National Farm Loan association, in order to secure the benefits of the federal farm loan bank which has been located in Texas at Houston, has been compiled by Vice President W. W. Woodson of the First National bank of Waco.

These leaflets are being sent out to farmers over this section, thus putting into their hands the data they want in case they wish to use the federal institution at Houston.

Mr. Woodson offers to visit any community in McLennan county to assist in the organization of an association.

To Attend Meeting of Officials of Meridian Junior College Today

Judge T. L. McCullough leaves today for Meridian, Bosque county, where he attends an important meeting of officials and friends of Meridian Junior college, a growing Methodist institution.

At this meeting, which will be attended by Bishop Mouzon and other prominent Methodists, plans of the institution will be discussed and arrangements made for still further enlarging the scope of usefulness of this preparatory school.

A banquet will be enjoyed today and a number of short addresses made.

Unloading Platform of Railroad Is Enlarged to Handle Big Auto Trade

Owing to the heavy shipments of automobiles which are being received in Waco by the Katy railroad, this road yesterday put a force of men to work enlarging the unloading platform which comes out nearly to Eighth street between Mary and Jackson streets.

Superintendent J. W. Evans of the Texas Central and Chief Dispatcher D. C. Dobbs spent yesterday in Dallas on company business.

F. G. Abbey, assistant general freight agent of the Katy, was here yesterday from Dallas.

Nazarene Church Has Special Revival Meet

A revival is in progress at the Nazarene church, Fifteenth and Webster streets, conducted by Rev. W. O. Self of San Antonio. Services are held each night at 7:30 o'clock. Meetings will continue throughout the week. Special attention is being given the music for the meeting. The public is invited to attend.

STILL HOPEFUL OF OIL WELLS

Local parties who are interested in oil development work in the section adjacent to Waco, and who have tried at a few points in the county to secure oil, are still feeling hopeful that their efforts will be crowned with success.

When the experimental well at Thirty-fourth and Columbus streets was "brought in" oil was taken out by the bucketful. It is claimed by Hart Moore and others that perhaps the best showing made outside the South Bosque field, was in this well, which is just outside the city limits.

There is talk of making another effort at or near that point, and sinking another well.

Knights of Pythias Name Committee on Plans for Convention

Officers have been installed by the Knights of Pythias and a committee has been appointed to look after general arrangements of the state convention assembling here in May.

This committee is composed as follows: Dr. J. F. Bailey, chairman; John T. Bonner, F. A. Gildersleeve, J. C. Hyer and Dr. Paul C. Murphy. The committee appointed for the anniversary entertainment consists of F. A. Gildersleeve, chairman; J. B. Naylor, J. C. Hyer, Frank White and John T. Bonner.

Officers installed were W. C. Seitzler, chancellor; John H. Barron, prelate; Dr. Paul C. Murphy, master of work; L. T. Naylor, keeper of records and seal; Mike Strauss, master of finance; J. B. Naylor, master of the exchange; Frank White, master at arms; R. L. Henderson, inner guard; Webster Knight Jr., outer guard.

Hardware Company's Automobile Disappears

An automobile belonging to the Herick Hardware company was reported missing last night from in front of the company's building at the northeast corner of the square and Second street.

It was reported to the police department about 10 o'clock and Night Chief Charley James had some of his men to begin a search for it. The number of the car is 2433.

Men's Downtown Club Is Discussed at Meet

Several business men held a meeting yesterday morning at which time a downtown club has been discussed. Some time ago a movement was started to secure such an organization. No definite action was taken yesterday.

It is probable another meeting will be held in the near future.

BAYLOR NOTES

Special meetings were held yesterday afternoon in the Lariat office by members of the Sophomore and Junior classes. Plans were made for the publication of their special issues of the Lariat, the Sophomore number coming next week and the Freshman number two weeks later. Members of the junior class publish the weekly edition of the Lariat this week.

James Garrett, editor in chief of Baylor Lariat, will be at home Friday night to members of the Lariat staff for an informal social entertainment.

A program will be rendered at the regular meeting of the Y. W. C. A. Saturday night. All members are urged to attend.

Owing to the many serious cases with Dr. J. T. Harrington is attending this week the results of the contest in which he offered \$5 in gold to the Baylor girl who wrote the best appreciation of Alfred Noyes and his works. The papers have been graded and placed with Dr. Harrington and as soon as possible a final decision will be made public.

TO INTRODUCE BILL IN LEGISLATURE BRINGING PALESTINE ROAD HERE

R. B. DUPREE SAYS GOVERNOR
FERGUSON FAVORS EXTENSION
OF STATE LINE TO WACO.

A bill is to be introduced in the Texas legislature seeking to bring the state railroad from Palestine to Waco, this bill to be introduced by Representative N. J. Williams of Waco, according to President R. B. Dupree of the Y. M. B. L., who returned yesterday morning from Austin.

Another bill is to be introduced, according to President Dupree, to locate a new court of civil appeals in Waco. The bill which is to be introduced regarding the extension of the state railroad to Waco will place the proposition under quasi-state control status and promotion. It is proposed to work the matter through the penitentiary board of Texas by bonding the strip of road now owned by the state government to secure money with which to build further mileage towards Waco. This new mileage then would be bonded in turn for further construction, and so on until the whole line is built the hundred miles to Waco. Convict labor may be used in case the matter is favorably acted on by the legislature.

Governor Ferguson is in favor of extending the state railroad, and Waco is the logical western terminus, while Representative Moore, who introduced the bill seeking to run the line to Dallas is not opposed to its coming to Waco if the legislature thinks advisable," said President Dupree yesterday.

He said that Judge A. M. Blackman of Mexico and others interested in the project will remain in Austin the remainder of this week, seeking to push the line.

Waco Drug Company Names Officers and Directors Yesterday

Directors and officers of the Waco Drug company were elected yesterday afternoon at an annual meeting of the stockholders.

A report of business done during the year showed a satisfactory volume. Directors were chosen as follows: J. M. Penland, R. McDaniel, M. A. Sullivan, C. S. Appell. A vacancy caused by the resignation of Director H. M. Richey was filled by electing L. R. May to this place.

Directors chose the following officers: President, J. M. Penland; first vice president, M. A. Sullivan; second vice president, C. S. Appell; secretary and treasurer, R. McDaniel.

Waco Pastor Leaves for Alabama to Be at Father's Funeral

Rev. F. P. Culver, pastor of the Austin Avenue Methodist church, left Waco last night at 11 o'clock for Union Springs, Ala., where he will attend Thursday morning the funeral of his father, Maj. R. F. Culver, who died yesterday afternoon at 2:30 o'clock.

Major Culver was 87 years of age at the time of his death. During the Civil war he commanded the Sixth Alabama regiment. For a number of years he was state senator of Alabama and commissioner of agriculture for eight years. He was born in Georgia, but was reared in Alabama.

Grand Opera Will Not Be Shown in Waco Soon

A telegram was yesterday afternoon received by Sec. H. D. Driscoll of the Waco Chamber of Commerce regarding a date which Waco sought to make with the Boston National Grand Opera company, the telegram stating that it would be impossible to arrange the Waco date.

The company was to come to Waco, but it was too late in the season to arrange for this date. Committees from the Chamber of Commerce and the Y. M. B. L. have been working on the matter, and state that next season efforts will be started earlier so as to make it more certain that grand opera can be brought to the city.

EXPERT ON THRIFT IS ASKED TO GIVE TALK

INVITATION COMES FROM SANGER AVENUE SCHOOL CLUB.

"Uncle" Samuel Thrift wishes to acknowledge an invitation from Mrs. E. E. Fitzhugh, chairman of the program committee and vice president of the Mothers' club of the Sanger avenue school to discuss the part of the coming thrift program that touches the interests of the home. "Uncle" Samuel is interested in home life and is glad of the opportunity offered. "Mothers of this nation are taking an advanced part in the affairs that mean a better, greater and higher citizenship and especially Christian citizenship, and it is of vital importance that conscientious thought and study be directed toward the problems of what children eat, wear, use, save and do—most especially what they do," said "Uncle" Samuel.

"If every mother could get but one new angle on family management and from that angle a thrifty habit could be instilled into the life of one child, the world would be made better, brighter and a happier place in which to live.

Organizations of every nature are urged to give attention to the opportunities offered during the next thirty days and a thorough co-operation is eagerly sought by those in charge of the merchants' campaign."

DALLAS MAN TO SPEAK TO LIONS

Myron A. Kesner, superintendent of the Dallas playgrounds and parks, will give an address at the regular meeting of the Waco Lions' club which will be held at the Hotel Raleigh at noon today. H. M. Baine, R. E. Fellow and E. A. Miller will also address the club.

W. Roy Christian, secretary of the Young Men's Business League, will act as toastmaster.

Officers that were recently elected will be installed. Standing committees may be appointed.

Girl Quarrels With Mother; She Leaves

Waco officers were last night asked to look out for a girl about 15 years of age, living in South Waco, who left home yesterday afternoon at 3 o'clock, following sharp words with her mother.

The girl's parents thought the girl would return after she had had time to think matters over. She had not returned home up to a late hour last night.

Will Celebrate Texas Independence Day Here

Texas Independence Day will be celebrated in fitting manner by members of the alumni and ex-students of the State University in Waco. It was decided yesterday afternoon that there will be a banquet at the Hotel Raleigh which will be addressed by some member of the faculty of the State University and other speakers.

The banquet will be held at 7:30 o'clock at night on March 2. Assistant County Attorney D. C. Woods will be toastmaster. A program committee was named yesterday afternoon at the meeting of local alumni at the Chamber of Commerce. This committee consisting of W. W. Woodson, chairman; D. C. Woods, Frank West, Miss Grace Prather and Miss Clifford Le Tellier. An arrangement committee will be named shortly. E. Walter Cocke, vice president of the local organization of the alumni, presided at the meeting.

Ad-Writers Plan for "Get-Together" Meet; L. Committee Is Named

Discussion was entered into at a brief business session of the Waco Ad-writers' league, held at 8 o'clock last night, of the big get-together meeting which is to be held in February at the Hotel Raleigh. A meeting of the committee on arrangements for this gathering will be held this week.

This committee is composed of R. E. Fellow, chairman; J. H. Quarles, W. S. S. Johnson, J. E. Fee, M. B. Davis, W. J. Mitchell and J. J. South. President W. B. Georgia of the Ad-writers' league said last night that the intention is to make of the affair something out of the ordinary, and it was his opinion that good results would follow the gathering.

E. S. Pentress and Charles E. Marsh of the Waco Morning News were elected to associate membership in the Ad-writers' league.

Wacoan Designs Sign for Western Union

A Waco man has designed a sign which may be officially adopted by the entire Western Union Telegraph company system over the United States, the originator of the sign being Manager S. P. Jones of the Waco office of the Western Union.

The sign consists of three alternating lights, showing letterings regarding the night and day messages and service of the company, these flashing off and on in regular succession. The design of the sign is attractive.

Blue prints have been made and the design will be submitted to the company.

Waco Men May Be on National Association List of New Officers

Waco letter carriers may get recognition in the list of national officers when the National Letter Carriers' association meets in Dallas next September. A local carrier stated yesterday that this city will have one or more candidates in the field, and also will probably try and arrange to bring at least a thousand of the visitors to Waco.

The plan is to arrange an excursion to Waco, Houston and Galveston in connection with the Dallas convention. Houston and Galveston carriers are working enthusiastically in this matter. If the excursion is arranged a stop will be made in Waco. There will be a meeting of the Waco Letter Carriers' association Thursday afternoon of next week when this matter will have attention.

Artists Give Final Recital Last Night

Another delightful musical recital was given last night at the Hotel Raleigh, under the auspices of the Daughters of the Confederacy. The recital was given in the gold room of the hotel and was enjoyed fully by attendant music lovers. The artists were Karel Havlicek, violinist; Paul Parks, baritone, and Malvina Ehrlich, pianist. They were sent out by the Society for Broader Education, located in New York.
